# Thinking about Behavior

A bird's behaviors can help it to survive in the wild.

## Smart Birds

Name of Article:

1. What kind(s) of birds are featured in your article?
2. What behaviors did the scientists study? How did they study the behaviors?
3. What did the scientists learn?
4. What does your group think? Does the behavior indicate learning or problem-solving? Why or why not?
5. How do you think the kind of behavior you read about help this bird survive in the wild?
