

Your Name _____

Location _____

Date _____ Time: from _____ to _____

- For each bird species, record the total number of birds you watched during your observation, and share your bird data in eBird Central America : <https://ebird.org/camerica/home>
- Your observations help us to understand bird populations in your region and the planet. Thank you!

Did you observe a bird you know by name, but is not on our bird list? Register it(them) here, and later enter the data in eBird Centroamérica: <https://ebird.org/camerica/home>

Did you observe a bird you do NOT know by name, but you can describe? Describe its (their) details here, and later try to identify it with the help of your guide or Merlin Bird ID App.

Use this space to draw birds you observe today, to help you remember their details and where you see them.
